

My Favourite Things

Experience

Spend time looking through a magazine or toy catalogue with your toddler. Talk about the things that you can see, for example: a doll, a car, a soft toy. Cut out the pictures that your toddler likes. Help your toddler to stick them on to a piece of paper.

Ask them “Where is the doll?” and role model sentences about the toys, eg. “I wonder where the doll will go today?” “Will she go to the park?” Use the pictures as a picture story to share each day
